### Application

The Stainless Design product line combines hygiene and durability with classic elegance to suit any commercial bathroom. The products are designed specifically for use in public toilets where low-maintenance is called for, and equipment must be able to withstand rough treatment.

### References

Offices and administration, shopping malls, restaurants, hotels, airports, train stations, sports facilities and public swimming pools, schools, public institutions and cultural centres.

### Standard colour

Brushed stainless steel  
Also available in all RAL colours.

### Installation

Wall mounting.

### Function

When one roll is empty, the next one automatically falls in place. Access to the internals of the dispenser is only possible with a special key fitting all products of the Stainless Design series.
